

By your side, for life

## *Education, Youth, Employment, “EYE Bonds” of IDB was launched*

Tokyo / Washington, D.C., July 13, 2015 - The Inter-American Development Bank (IDB) issued out of its Global Debt Program a new MXN 800 millions 5 year note following the principle of its “Education, Youth and Employment bonds” commonly referred as “EYE Bonds”. Crédit Agricole Corporate and Investment Bank was the sole underwriter for this Bond. The Dai-ichi Life Insurance Company, Limited (Dai-ichi Life; President: Koichiro Watanabe) is the sole investor in the bond, and with this investment confirm its role as one of the most prominent purchaser of social bonds globally.

The IDB EYE Bonds seek to foster human capital development through early childhood coverage and support of youth education from the classroom to the workplace. Funds raised will finance projects in Latin America and the Caribbean that provide childhood care and education and facilitate access to jobs for young people. IDB launched its first issuance under the EYE Bond program in 2014.

The IDB is a multilateral development bank focused on the economic and social development of Latin America and the Caribbean. The IDB helps to improve lives in the region through financial and technical support. The IDB conducts extensive research and provides loans, grants, and technical assistance to its member countries.

**IDB’s comment :** IDB EYE Bonds help build human capital to improve lives in Latin America and the Caribbean through a life cycle approach focused on three key priority areas – Education, Youth, and Employment. Dai-ichi Life’s endorsement of our first-ever Mexican peso (MXN) denominated EYE Bond shows institutional investor interest in supporting IDB’s projects across the region, said said Laura Fan, the IDB’s Head of Funding

**Daiichi Life's comment :** Dai-ichi Life follows investment principles that combine attractive investment opportunities with social, environmental, and governance considerations. We strongly support the IDB's projects that provide childhood care, education and facilitated access to jobs. Therefore, becoming the sole investor to provide financial support to EYE projects through these Bonds is socially significant for the Company. We also believe the Mexican Peso-denominated bonds offer solid and attractive investment opportunity, said Kazuyuki Shigemoto, General Manager, Global Fixed Income Investment Department, Dai-ichi Life

**Crédit Agricole's comment:** Crédit Agricole CIB is delighted to have arranged this transaction which underlines the leadership of both Dai ichi Life and the IDB in developing ESG investing in Japan. This trade also highlights the trend of globalization of SRI investments – with a committed Japanese investor lending support through the IDB to Education, Youth and Employment projects, said Tanguy Claquin, Head of Sustainable Banking

Crédit Agricole CIB is the sole arranger of the bonds.

As an institutional investor that controls approximately ¥30 trillion in capital, the Company focuses not only on investments with stability and profitability, but also those with benefits for society and the public. With interest in asset management that considers ESG issues growing around the world, the Company will continue to actively pursue investments in developing regions and those which follow the Company's ESG standards.

### **Summary Terms of the IDB EYE Bonds**

- Currency : Mexican Peso (MXN)
- Notional Amount : MXN 800,000,000 (approximately \$50 million)
- Tenor : 5 year
